

Dear Supporters, Donors and Friends of PCFBC,

Prostate Cancer Foundation BC is proud to present our 2nd annual Pars for Prostate Golf Tournament at Westwood Plateau.

Prostate cancer is the third leading cause of cancer death in Canadian men, and one in eight men in Canada will be diagnosed with prostate cancer in their lifetime. Since 1997, Prostate Cancer Foundation BC has provided men with prostate cancer and their families access to resources and support, while raising awareness about the disease. And through signature fundraising events like this silent auction, we have had the opportunity to contribute over two million dollars to prostate cancer research and support programs across the country. We strive to make a difference in the lives of the thousands of men affected by prostate cancer in Canada, but we need your help!

Prostate Cancer Support Canada aims to bring together prostate cancer support groups nationwide, providing them with a home to share and access resources to keep their local groups strong, and ensure that support for prostate cancer patients is accessible no matter where in Canada an individual lives. We have also created national resources including three support groups, Partners in Prostate, Active Surveillance, and Coast to Coast, all while maintaining our grassroots approach and small 4 person staff.

This event is being held in September which is prostate cancer awareness month. We hope that you will consider donating an item or gift certificate to help us continue to support all of the men affected by the most prevalent cancer in Canada.

Thank you for your time and consideration.
